ROUTINE NOTES

[To be used only for notes requisitions etc not intended for permanent record]

Note of discussions at the monthly meeting with the Director of Health and Mr Mieldazis Rockefeller Foundation Sanitary Engineer on Friday the 5th December 1930

x x x

(4) The question of Government withdrawing some powers about health matters from the municipalities and District Boards and delegating them to the Director of Health by a regulation or code is to be examined by the Law Department in consultation with the L S G Branch

(Health matters cannot be left to the mercy of the local bodies Health Officers have got too much conservancy work or of examination of sites They should be relieved of these so that the may have more time to be devoted to health matters If they fail to give attentio to these their promotions should be stopped)

(Intd) P I
5/12/1930

This will be sent to L S G Bran for a note before further action is taken in the Law Department

I believe if suitable provision is made in the Municipal Regulation to the following, it would meet the case in point

(1) to give general power to the Director of Health to inspect the Municipalities

(2) to require the Municipal Council to execute all works of Sanitary nature after plans and estimates are submitted and sanctioned by the Sanitary Engineer in the Department of Health up to Rs 10,000/- and by Government of over this amount

Director of Health

vi) A draft of the rules to be made under Section 175 B of the Mysore Municipal Regn on accident and on the opinion of the Director of Health on para 15 is submitted for approval or other orders In this connection, it appears sufficient if the estimates for municipal works come to sanction of Govt when the cost exceeds Rs 5, 00 Works costing over Rs 5 00 in Town and minor municipalities and over Rs 2, 5 00 in city municipalities may be technically sanctioned by the Supdg Engineer and Chief Engineer and in the case of Sanitation works not being repairs costing less than Rs 2 estimates as proposed to be done that may however not be undertaken without the approval of the Central Health Authorities when the cost exceeds Rs 30, 00 and of the Bureau of Sanitary Engineering in other cases

Submitted for orders The draft rules may be circulated to the Director of Health, the Sanitary Engineer and the Chief Engineers for favour of remarks and suggestions

A This will be done if approved (Mr Mawdsley) Mr — Mr will take care to see that the draft rules of Municipalities are framed

General and Revenue Secretariat — File No 124 of 1932

Serial No

60 The Chief Engineer has forwarded a copy of his letter to the Chief Secretary to Government, No 236 dated the 7th July 1933 stating that estimates costing less than Rs 5,000/- submitted for sanction of Government by local bodies are being referred unofficially to his office, and suggesting that as the powers of sanction of Superintending Engineers to sanction estimates has been raised to Rs 5,000/-, estimates costing more than Rs 5,000/- may in future be referred to the Chief Engineer for scrutiny This suggestion will be followed in issuing the rule under reference

61 As separate Regulations for (1) Minor municipalities, (2) Town municipalities and (3) City municipalities have since been promulgated a combined draft for the issue of the rule for all the municipalities does not appear to be suitable at present three separate drafts will be prepared and submitted

62 The Municipal Commissioner of Bangalore and the President of the Mysore City Municipal Council have raised some objections in regard to the adoption of the draft rules Nos 3, 4 and 5 The Commissioner says that according to the existing practice, the Municipal Council has power to sanction estimates and execute works when the value does not exceed Rs 5,000 irrespective of the fact whether the works are of a sanitary nature or otherwise, and that the proposed rule No 3 would tend to encroach upon the powers of the Municipal Council and that rule No 5 (1) should not be made applicable to City Municipalities

NOTE—Contn Sheet

WD 70—GBIM—60 000—13 8 31

He also suggests that rule No. 1 (1) should not be applied to the City municipalities and that rule No. 1 (2) may be modified so as to require scrutiny by the Chief Engineer only when the cost exceeds Rs 5,000/- The objection of the President of the Mysore City Municipal Council is also to be same effect Rule No 5 (1) of the draft rules in no way affects the existing power of sanction of the City Municipal Councils So far as the amendment of rule No 4 is concerned this has been suggested by the Chief Engineer himself, and in view of the fact that the City Municipal Councils employ qualified engineers, the provisions of rule No 4 may be modified so that the technical scrutiny of the Chief Engineer may be limited only in the case of works costing more than Rs 5,000/-

63 As regards exempting sanitary works executed by the City Municipal Councils from the scrutiny of the Health Department as provided in draft rule no 3 the Director of Health may be consulted as to whether and, if so, to what extent the proposed draft rule may be relaxed in the case of the City municipalities

64 As regards the rules so far as they are to be made applicable to works executed by town and minor municipal councils the following modifications are suggested and will, if approved, be adopted -

Rule 1 - The Chief Engineer suggests that electrical works, if carried out by the Electrical Department, may be specified All such works will normally

Rule 3 (1) seems to restrict the executive powers of City Municipal Councils. This may be kept intact

Rule 3 (2) only Rule 3 (1) may be made to apply to City Municipal Councils and where there are qualified Health officers

General and Revenue Secretariat — File No 124 of 1932

Serial No

generally be carried out by the contractors licensed by the Department, and to provide for rare cases, the words " or other department " may be inserted after the words " Public Works " in para (b) of the rule and in rule 5

Rule 3 - The Deputy Commissioners of Kadur and Kolar Districts consider that the rule requires some modifications, while the Deputy Commissioners of other Districts have no objection to the adoption of the rule The Deputy Commissioner of Kadur considers that the money limit may be raised to Rs 500/- while the Deputy Commissioner, Kolar, considers that all sanitary works irrespective of their cost, may be entrusted to the Sanitary Department

65 The Chief Engineer considers that it is not necessary to send minor estimates in respect of sanitary works for the scrutiny of the Sanitary Engineer if the cost does not exceed Rs 500 in the case of town municipalities and Rs 250 in the case of minor municipalities In the draft rule, the limit was fixed at Rs 200 as it was feared that funds would be wasted if the works were to be condemned by the Sanitary Engineer after execution The Director of Health may be consulted in the matter, and if he is agreeable to the modifications proposed by the Chief Engineer the rule may be changed accordingly

66 The verbal modifications proposed to this rule by the Chief Engineer does not appear to be suitable and the words ' sanitary works, not being repair work

NOTIFICATION

Under Section 175 A of the Mysore Municipal Regulation 1906 as amended from time to time the following rules for regulating the preparation and sanction of plans and estimates for works to be partly or wholly constructed out of the municipal fund are made by the Government of His Highness the Maharaja of Mysore in supersession of all existing orders on the subject -

1 All plans and estimates for works to be executed partly or wholly out of the municipal fund shall be prepared

(a) by the Sanitary Engineer Department of Health at the request of the municipal council if the work is to be executed by such Sanitary Engineer

(b) by the Public Works Department of the Government at the request of the municipal council if the work is to be executed by that Department

(c) by the municipal council concerned in other cases

2 Every such work may subject to the provisions of rules 3 4 and 5 infra be executed only after the estimate has been approved by the municipal council or by a committee or person to whom the power to approve plans and estimates is delegated in accordance with the rules or orders for the time being in force

3 Sanitary works not being repair works costing less than Rs. 250 - shall subject to the provision of rule 5 be undertaken by

by Municipal councils only after the plans and estimates have been approved—

(a) by the Central Health Committee- when the estimated cost exceeds Rs 30 000

(b) by the Sanitary Engineer Health Department, or an officer to whom the power to approve such plans and estimates has been - with the previous sanction of the Government delegated by the Sanitary Engineer, in all other cases

Explanation - The term "sanitary works' include

(i) markets slaughter-houses huts for sweepers or scavengers, latrines incinerators urinals and cess-pools,

(ii) works connected with water supply and important improvements to existing sources of water supply

(iii) works relating to drainage including sewage disposal plant

(iv) laying out sites for building purposes and

(v) acquisition of lands for improvement of sanitation

(vi) Conservancy Health Camps and Epidemic Hospitals

Note - The above explanation is not exhaustive but merely indicates as examples certain works which fall under the category of sanitary works

4 Every other work shall subject to the provision of rule 5 be commenced—

(i) only after technical scrutiny of the estimate and approval of the plan by the superintending Engineer of the Circle in which the municipality is situate when the estimated

13

cost exceeds Rs 500/- but does not exceed Rs 2 500/- in the case of town and miror municipalities

(ii) by the Chief Engineer when the estimated cost exceeds Rs ~~2500~~ 5000/- in the case of all municipalities

5 No original work shall be commenced by a municipal council or in its behalf by the Public Works Department or the Sanitary Engineer, Health Department, without the previous sanction of :-

(i) the Deputy Commissioner when the estimated cost exceeds Rs 3 000/- in the case of a town municipality and Rs 1 500 in the case of a minor municipality but does not exceed Rs 5 000/-

(ii) the Government when the cost exceeds Rs 5000/- in any case

6 Nothing contained in the foregoing rules shall be deemed to apply

~~(a)~~ to works connected with Local Fund Dispensaries and Hospitals and Veterinary Hospitals and Dispensaries and other works executed by the Government for which a prescribed portion of the cost is payable from the municipal fund in accordance with the orders of Government for the time being in force

(b) to works undertaken by any person or a body of persons for which a fixed contribution is made or a definite share of the cost is contributed from the Municipal fund

RULES FRAMED UNDER SECTION 175 A OF THE MYSORE MUNICIPAL CORPORATIONS

With reference to your letter No. L 2(2)C-72 31 174-32-1 dated 10-10-32 requesting to furnish my opinion on the draft rules framed under Section 175 A of the Mysore Municipal Legislation, I have the honour to state that the rules framed are suitable except for slight modifications in rules 3 and 4 (1) as indicated below:-

In the interest of expeditious despatch of work the limit of Rs. 50/- fixed in rule 3 may be raised to Rs. 500/-

As regards rule 4(1) the money limits for technical scrutiny may be fixed as follows:-

1 All estimates exceeding Rs. 500/- but not exceeding Rs. 1000/- to be scrutinised by the Executive Engineer of the District

2 All estimates exceeding Rs. 1000/- but not exceeding Rs. 2000/- to be scrutinised by the Superintending Engineer of the Division

GENERAL SECRETARIAT 6 DEC 1932

No L 3364-6/M1 Draft rules under Section 175 A of the Mysore Municipal Regulation

SIR

With reference to correspondence ending with your No L 3364-6/M1 174-32 dated 11/12th November 1932, regarding the above and requesting my opinion in the matter, I have the honour to indicate below the modifi cations that I consider necessary in the draft rules framed -

1 In clause (1) provision for estimates concerning Electrical Works, being prepared by the Electrical Department if such works have to be carried out by that Department, will have to be mentioned

2 The wording of clause (3) is ambiguous Instead of "Sanitary works not being repair works costing less than Rs 200 shall etc" the following may be substituted if what is meant is that estimates of works of an original nature costing Rs 200 and more will have to be approved etc , by the Central Health Committee or the Sanitary Engineer -

> "Works of an original nature costing Rs 200 and more shall subject to the procedure prescrib under rule 5 be undertaken etc"

It would not in my opinion be necessary to send minor estimates costing less than Rs 500 in the case of "Town and Rs 250 in the case of "minor" Municipalities to the Sanitary Engineer and the Health Department They may be approved by the Municipal Councils themselves If

this suggestion is approved, the above figures may be substituted for Rs 200 in clause (3)

3. In clause(4) the following modifications may be made -

In the case of town and minor Municipalities, the technical scrutiny by the Superintending Engineers of the Circles may be for estimates costing between Rs 2,500 and 5,000 and by the Executive Engineers for estimates ranging up to Rs 2,500 In the case of all Municipalities the Chief Engineer may scrutinise the estimates whose cost exceeds Rs 5,000

The other rules may remain

I have the honour to be
Sir,
Your most obedient servant,

Chief Engineer of Mysore

No 455

Sir, 1384 20/1/33

With reference to your letter No L 2566-72/Ml 174-32-1 dated 10th October 1932 and subsequent reminders ending with the reminder on 13th January 1933 in the matter of the draft rules proposed to be issued under Section 175(A) of the Mysore Municipal Regulation and calling for my opinion on the rules, I have the honour to state that there is no reference in the rules to City - Municipalities in particular Under the Municipal Regulation and in practice City Municipalities have power to sanction estimates and execute works when the value does not exceed Rs 5000/- irrespective of the works being of a Sanitary nature or otherwise Rule No 3 of the proposed rules would therefore be encroaching upon the powers of the Municipal Council It may be made clear in the rules that the rule does not apply to City Municipal Councils when the estimate does not exceed Rs 5000/- Similarly Rule No 4(1) cannot be applied to City Municipal Councils and Rule 4(2) may be so modified as to require scrutiny by the Chief Engineer in the case of City Municipal Councils when the cost exceeds Rs 5000/- and not otherwise Similarly Rule No 5(1) cannot also be made applicable to City Municipalities I have no remarks to offer about other rules

I have the honour to be,
Sir,
Your most obedient servant,

Municipal Commissioner

GENERAL SECRETARIAT
SIR
2 - JAN 1933
No L S S
Notes
Filed

With reference to your letter No L 2566-72/Ml 174-32-1 dated 10th October 1932 re the draft rules proposed to be issued under Sec 175 A of the Municipal Regulation, I have the honor to transmit the resolutions of the Councils of the Municipalities in the District and to state that the Municipal Councils of Kolar, Bowringpet, Malur, Mulbagal, Srinivaspur, Sidlaghatta, Bagepalli Goribidnur and Gudibanda have agreed to the rules proposed to be notified by Government in toto

The other Councils have proposed the following amendments

(1) Chintamani Municipal Council consider it sufficient if the Sanitary Department is consulted on works costing more than - Rs 500/- so that other urgent petty works costing Rs 500/- and -- below could be attended to by the Council

(2) Chikballapur Municipal Council propose omission of clause "if the work is to be executed by that Department in rule 1(a) and (b) and addition under (b) "The execution of these works will rest with the Municipal Council, unless they themselves entrust - them to these departments "

The Council also propose the substitution of "more" for less in line 1 and Rs 1,000/- for Rs 200/- in Rule 3

The Chintamani Council thus want a free hand to execute works costing Rs 500 and under and the Chikballapur Council wish to execute works to the extent of Rs 1,000/- but they also desire the co-operation of the Health and Engineering Departments regarding -- scrutiny ~~of~~ and preparation of estimates for works which the Municipal

Council are carrying out

I am of opinion that all Sanitary works enumerated in para 3 of the notification may be entrusted to the Sanitary Department irrespective of the cost of the work

In respect of other kinds of works, estimates may be got from the Department of Public Works and works entrusted to them in all cases whose estimates exceed Rs 200/-- Petty works costing less than Rs 200/- may be done by the Municipal Agency itself, both as re-estimates and bills

I have the honor to be,
S i r,
Your most obedient servant,

Deputy Commissioner,

GENERAL SECRETARY
6 FEB 33

With reference to your letter No L 3069/ 1 174-32-5 dated 1/2nd November 1932 and subsequent reminder No L 4078-80/ 1 dated 10/13th January 1933 regarding the draft rules proposed to be issued under Section 171 of the Municipal Regulation I have the honour to state that the rules 1 2 5 and 6 as framed are allright as it is optional to the Municipal Council to entrust works to the Department of Health or Public Works Department and as the execution of works the schemes for which are approved by the expert Departments of Government may be undertaken by local bodies as per Rule 2

Rules 3 and 4 require modification As per rules in force now the Council can sanction estimates relating to works - embodied in Rule 3 up to Rs 5 000 and execute them by their agency except in the case of works relating to water supply schemes - which are being carried out by the Bureau of Sanitary Engineering on the Municipal Council countersigning such estimates and placing necessary funds at their disposal before execution, and works - relating to drainage sewage disposal layout sites and - acquistion of lands for improvement of sanitation vide Rule (i) (iv) and (v) which are being carried out by the City Improvement Trust Board during the Director of Public Health Sanitary

4(1)

Engineer Rockfeller Foundation and the Health Officer as members on the Board

Rule 4(i) is not applicable to city municipalities Rule 4(ii) will have to be amended as by the Chief Engineer when the estimated cost exceeds Rs 5 000/- in the case of city municipalities

I therefore request that Rules 3 and 4 may kindly be modified in the light of the existing rules in force now as explained above and issued under Section 175A

I have the honour to be

Scrutiny of estimates

Sir,

I have the honour to bring to the notice of Government that according to present practice, estimates costing less than Rs 5,000 submitted for sanction of Government by local bodies or departmental heads, such as the Forests, Industries, Agricultural etc , are being unofficially referred to this office for scrutiny In most of these cases, information has to be obtained from the Superintending Engineers concerned about local conditions before a proper check could be made in this office and this causes delay

The powers of sanction of Superintending Engineers have recently been enhanced and they sanction estimates costing up to Rs 5,000 in the Public Works Department I would suggest therefore that estimates of all works to be executed by other agencies than Public Works Department and costing up to Rs 5,000 be forwarded by the local bodies or the Heads of Departments concerned to the Superintending Engineer concerned for check in the first instance and after they are returned by that officer, they may submit them to Government in the concerned department who may accept the Superintending Engineer's check in such cases

Estimates costing more than Rs 5,000 may however be referred to the Chief Engineer for scrutiny

I hope my suggestion will meet with the approval of Government as it will save delay and also unnecessary — correspondence and that needful instructions will be issued to all concerned

I have the honour to be
Sir,
Your most obedient servant,

Sd) M G Rangaiya,

Chief Engineer of Mysore

TSRN

No 237 Dated Bangalore 7 July 1933

Copy of the above is forwarded with compliments to the Secretary to Government General Department Bangalore, for information

for Chief Engineer of Mysore

6-7 33

Submitted for information before question
will be got typed and circulated among Case workers
for ready reference if approved

What has been done with the letter addressed
to the Chief Secy?

Perhaps it is being worked up in the Secretariat.
